

A man and two women are seen from behind, standing on the grass of a football pitch. They are looking towards a large, empty stadium with green seats. The sky is clear and blue. The man is in the center, wearing a dark suit. The two women are on either side of him, wearing dark dresses. The stadium's seating is visible in the background, with some text on the stands that is partially obscured. The overall scene suggests a professional or business context related to football.

A WORD FROM THE **FOUNDER**

Dear future Candidate of The FBA,

When a game you love so much turns into a passion that you can't live a day without, sooner or later you'll find yourself looking for ways to ensure it continues to be an active part of your life. As a child, who doesn't look up to some great football player and dream of one day follow his or her footsteps and become a professional? But then adulthood starts approaching and, unless you have extraordinary skills, most people are gradually pushed - consciously or subconsciously - onto a path which leads them to pick a career that is considered safe and secure. A few (or many) years down the line, they realize it was a trap and desperately try to figure out where they went wrong...

Chances are that you can relate with this lifepath and are looking for some big answers yourself to the what-am-I-doing-with-my-life type of questions. Or perhaps you are among the few lucky ones who did manage to navigate their way into the industry but need more knowledge and contacts to get where you really want to be. Whichever the case, you've probably realized that football is definitely your biggest passion and will do whatever it takes to truly succeed in this industry once and for all. Ever since we established The Football Business Academy, our principal objective has been to deliver an innovative experience which will really help you to achieve this goal; to create the best bridge possible between the dream of working in the football industry and the current reality. Because we know that it's a very particular and complex industry. That is why, by collaborating closely with the football industry's main stakeholders and experts, we are able to deliver a program which makes sense. A program which, in addition to high-level and practical courses, Field Trips and guest lectures, includes the most relevant and meaningful elements to football business education: continuous networking opportunities, attendance to world-class business events, guaranteed internships, and Student Business Projects.

This is your chance to be immersed into understanding how the global football industry really works and experience a highly personalized and effective pathway towards success. If you know you have the necessary curiosity, drive, and potential to excel, then you will be a proud member of The FBA Family for life.

On behalf of the Faculty, Partners, Alumni and management team of The Football Business Academy, I look forward to welcoming you in our next Edition - and to start building the future of Football together!

All the best,

DORIAN ESTERER
CEO

Created for people who want to pursue a career in the football industry, The Football Business Academy offers a unique and comprehensive program that prepares all Candidates for success in the dynamic future of the football industry, worldwide.

THE FBA IN NUMBERS

Our Alumni reach an unparalleled sports employability rate after Graduation.*

Average time for our Alumni to find a job in the sports industry, including football, post-graduation.

Our Alumni community keeps constantly growing around the world, building a global FBA network for them and our Candidates.

Our Candidates and Alumni have hailed from 5 continents creating truly global classrooms.

Guaranteed Internships and Student Business Projects thanks to strong industry partnerships.

Access to top industry leaders and football organizations through The FBA Family.

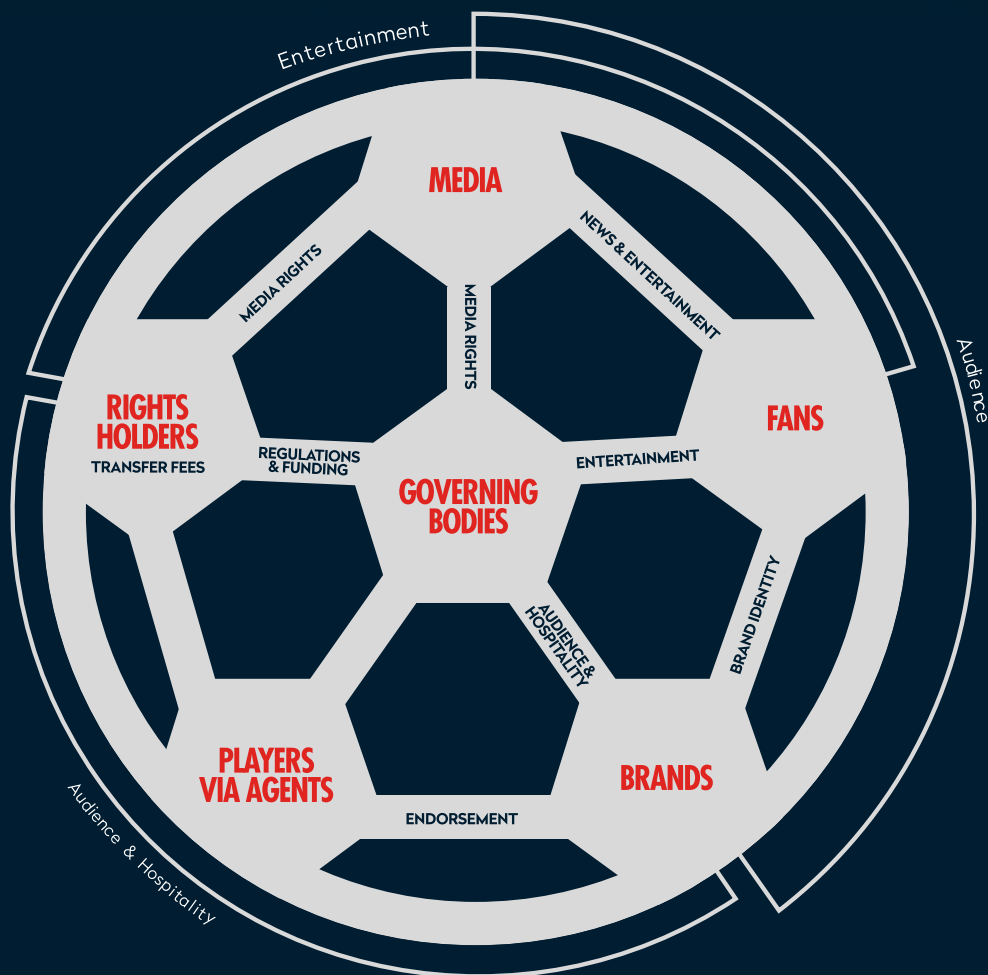

*Average as of November 2024.

THE FOOTBALL INDUSTRY AND KEY TRENDS

The football industry has developed tremendously over the past years and continues its spectacular evolution as witnessed by the adoption of new technology, multi-club ownership models, impressive transfer numbers, and participation levels, to name just a few, around the world. Unfortunately, due to a lack of professionalism, transparency, and ethics a lot of scandals keep taking place and more fans and stakeholders than ever are demanding change. The conclusion is simple: the complexity of modern football business has evolved and therefore the area of education and professional formation needs to keep up with the pace. Our mission is to meet this need for more professionally trained leaders and ensure the industry can continue to evolve judiciously. And that is where The Football Business Academy comes into play.

THE COMPLEXITY OF THE FOOTBALL INDUSTRY

WOMEN'S FOOTBALL

4

INTERNATIONALIZATION

THE FOOTBALL BUSINESS ACADEMY

The FBA is a global leader in football business education whose goal is to accelerate the professionalisation of the football industry and develop current and future leaders in the game. Founded in 2017 and based in Switzerland, The FBA is best known for its flagship degree – the **Professional Master in Football Business** – developed and frequently updated in a collaborative way with football industry experts around one foremost objective: to provide you with all the necessary tools and an optimal learning environment in order to succeed in this passionate and dynamic industry.

66

"The knowledge, experience and confidence I have gained through this course is immeasurable in value and I am determined to use it to make football a better place for everyone".

NATALIE BOWLES (UK), 9th Edition Alumna.
Player Care Lead – Crystal Palace FC Women's Team.

PROFESSIONAL MASTER IN FOOTBALL BUSINESS

66 "Olympique Lyonnais is pleased to associate with The FBA in a permanent desire to professionalize the world of football. This exchange of skills fits perfectly with the academic strategy of the club, which aims to build the elite of the football industry in all areas, both on and off the pitch"

JEAN-MICHEL AULAS,
Former President, Olympique Lyonnais.

Our 12-month Master Degree program is divided into 4 modules. In order to deliver the best football business leaders of tomorrow, we believe it is essential for you to gain a comprehensive understanding of the intricacies of such a dynamic industry – as is football – while combining theory with practice. And to achieve this, our program has been structured in such a way that it allows you to naturally transition from one phase into the next.

ONLINE & ON-SITE COURSES

You'll begin with two online modules, supported by our customized Learning Management System (LMS), to enhance your industry knowledge while still preparing for your transition to the football world. In Module 4 in Lisbon, you'll attend on-site classes and workshops on a state-of-the-art campus. All courses are instructed by our industry-experienced Faculty with a focus on your professional development.

NETWORKING WEEK

What better way to become a football business leader than by participating in prominent football business events and meeting current ones? You will receive a complimentary invitation to a networking event where, together with The FBA's staff, you will be able to develop your portfolio of contacts and expand your knowledge of the industry. From Manchester to China to Miami and Sevilla, wherever we've been, our Candidates return mesmerised and invigorated by having been at the epicentre of the football community.

FIELD TRIPS

Field Trips are a vital aspect of the program as they allow you to apply the concepts and practices learned during the courses, expand your network, and position yourself in the market. These visits to football clubs and organizations offer you another chance to physically experience and visualize what you have learned. You will participate in behind-the-scenes facilities tours, attend expert presentations, and even experience match days.

STUDENT BUSINESS PROJECT

The SBP is again a great way for you to gain professional experience and face real market challenges. You will have the opportunity to work in teams on a project given by an FBA Partner. The SBP is your graduation project in which you will need to bring together the knowledge, skills and experience obtained throughout the program and prove you are ready to enter the football industry, add value, and help transform it.

INTERNSHIPS

At The FBA, we take pride in being able to place our Candidates at renowned football-related organizations for their mandatory internships. After analyzing the different needs and interests of our Candidates and Partners, we carefully identify the best synergies in order to propose and facilitate mutually beneficial opportunities. In the past, our Candidates have done their internships across all kinds of departments and in places such as:

"It is very important for Girona FC to be part of The FBA network as many distinguished professionals within the industry collaborate with them. The agreement is a great opportunity for our club to welcome young and talented students, who will be sharing their vision on the world of football with us. We are sure that we will benefit from their knowledge and innovative ideas".

DELFI GELI,
President, Girona FC.

OUR PARTNERS

85+

The FBA's strength lies in our partnerships and strong industry relationships through which we continuously seek to identify the synergies between the Partners' strategic needs and The FBA Candidates' skills and interests.

AND MORE

OUR **CAMPUS**

66 *"This partnership with The FBA aligned with our strategic goal to establish innovative partnerships with organizations that are at the top of their field."*

DANIEL TRAÇA,
Dean, Nova School of Business & Economics.

NOVA
SCHOOL OF BUSINESS & ECONOMICS

The FBA & Nova School of Business & Economics have an agreement designed to bring a part of The FBA's Professional Master in Football Business to Nova SBE's campus, while also fostering the exchange of know-how and intercultural experiences.

In its 40-plus year history, Nova SBE has become Portugal's top brand in higher education and has developed a reputation for having a mindset of innovation and excellence. They are part of a select group of business schools which have the Triple Crown Accreditations – EQUIS, AMBA and AACSB. Indeed, less than 1% of the world's business schools have this highly recognized education standard.

This partnership represents a unique opportunity for FBA Candidates as they will have the privilege of studying in one of the most beautiful and innovative campuses of Europe for two months just outside Lisbon in the Carcavelos area, while being part of a top educational institution that follows high-quality Swiss standards.

WHY STUDY AT THE FBA

We care about providing you with a comprehensive learning environment which reflects the industry's needs and realities. If your goal is to become a leader in the football industry, we believe that the following 5 reasons will make your future self thank you for taking the decision to study at The FBA.

01. INNOVATION

The first Professional Master degree entirely dedicated to football business, which combines online courses, guest lectures, active participation at business events (Networking Week), a guaranteed internship, on-site courses, insightful Field Trips, a Student Business Project, career opportunities via personal referrals, and a lifetime learning environment.

02. EXCELLENCE

In order to train the leaders of tomorrow, the pursuit of excellence starts from day one and has no finish line. We constantly strive to involve the best industry professionals as professors and guest lecturers, establish the ideal balance of theory and practice, and offer you the ultimate networking experiences.

03. BESPOKE

By inspiring you to explore broadly, while gaining deep mastery in your field of passion, The FBA program helps you to develop diverse knowledge and practical skills that will enable you to address the complex issues facing the football industry. Each module builds on the previous one and every course is seminal, resulting in a smooth transition as you progress throughout our program.

04. RESULTS

No empty promises: Results. For most people, the hardest part is to get their foot in the industry. By providing you with the necessary knowledge, real-life experience, and professional exposure, combined with a strong Partner Network, access to industry contacts through personal referrals, and career advice, we make sure to set you up for an exciting career in football.

05. FAMILY

Once you have joined The FBA Family you will remain part of it for life. Whether it is other Alumni, Faculty members, Partners, or FBA staff, you will always have someone who you can count on for support, business introductions, or indeed career development.

ALUMNI CAREER OUTCOMES

66 “The FBA is all about ‘building the future of football together’ and they stay true to their word. Whereas universities may very well cease contact once you’ve graduated, The FBA continues to be the support mechanism their current and past students can rely on when looking to connect with new people. It offers you the foundations for getting a foothold in the industry, builds your network of contacts, and most importantly allows you to meet people from all around the world, something I found to be one of the most important aspects.”

KRESIMIR BEBIC (CROATIA), 9th Edition Alumnus.
Inside Sales Account Manager, Vancouver FC

While some of our Candidates were already working in the football industry prior to joining our Master, the vast majority of them are career switchers coming from a variety of academic and professional backgrounds. Today, they have made a name for themselves in the industry they are passionate about and are putting in considerable effort to disseminate The FBA values throughout it.
